Note: Once you are logged onto Virtual Branch you have the ability to establish multiple account access using a single username and password if you and the other member(s) share your usernames and passwords. To establish multiple account access:

1. Log-On to Virtual Branch
2. Navigate to Your Preferences and then Multiple Account Access
3. Click Add Account and follow the on-screen direction

For additional security, you may also exclude your account from this service by checking the box at the bottom of the Multiple Account Access window.
