Clinton, MD 20735-1730

Dear USPS FCU,

I am requesting that _____ be accepted as a Select Group in the U. S. Postal Service Federal Credit Union's field of membership. We specialize in _____. We are requesting Select Group status on behalf of our employees.

Our office in _____ is located less than ____ miles from the _____ branch (use our branch locator on our website and choose one of our locations or reference the closest "Shared Branch" location). Our employees can be served through your electronic services, such as the thousands of surcharge free ATM's and shared branches that the Credit Union has available. Currently, we have ____ employees as of _____.

The formation of a separate credit union is not practical because:

- Our group lacks sufficient resources to support the operation of a credit union.
- A newly formed credit union would not be able to match the numerous services offered by U. S. Postal Service Federal Credit Union.
- Our company does not have the administrative capacity or management expertise to provide U. S. Postal Service Federal Credit Union's products and services to our employees.

We are aware of your goal to provide the benefits of Credit Union membership to as many of our employees and members as possible. We will work together with you to provide Credit Union membership benefits to our employees. I also certify that we have no other credit union affiliation.

Sincerely,
